The Southside & Central VA Commercial Pesticide Applicator Recertification Training offers many different programs for recertification for pesticide applicators in Virginia.

This recertification course is designed to give the credit hours needed to remain certified. This virtual course is self-paced, but must be completed within the timeframe of the course schedule (June 28, 2021 – July 9, 2021). This course is "categorically specific" meaning that while we are offering a wide selection of categories for recertification (2, 3A, 3B, 5A, 6, 7A, 7B, 7D, 10, 60, 90 & 91), participants are only required to complete the modules of training SPECIFIC to the categories they require for recertification. As part of the course, all participants will be monitored and required to view videos and take quizzes to determine proper engagement and appropriate amount of time spent with the course material to satisfy VDACS recertification credit criteria.
