

Well Water Testing: Drinking Water Clinic

Do you have a well, spring or cistern?

Learn about your water quality through affordable, confidential testing and become empowered to make decisions about system maintenance and water treatment!

The goal of the Virginia Household Water Quality Program is to improve the water quality and health of Virginians with private water supplies, including wells, springs and cisterns.

How does it work?

1. **Monday, May 13, 2024 – 4:00-6:00 PM: Curbside kit pick-up.** Albemarle County Office Building at 1600 5th Street Ext., Charlottesville, VA 22902. Receive directions about sample collection.
2. **Wednesday, May 15, 2024 – between 7:30-9:00 AM Collect samples and drop off at Albemarle County Office Building-** 1600 5th Street Ext, Charlottesville, VA 22902. Samples are sent to Virginia Tech for analysis.
3. **Results will be emailed (mailed if email not provided) in approximately 30 days.** An online presentation link will also be provided to help you understand your results.

What does the water test include?

Iron	Manganese	Sulfate	Hardness	Coliform bacteria
Sodium	Copper	Nitrate	Arsenic	E. coli bacteria
Fluoride	pH	Total Dissolved Solids	Lead	

How much does it cost? \$70* per sample kit. *Need based subsidies are available.

Please pre-register as space is limited. Please contact the Extension Office for more information.
