

Virginia Household Water Quality Program

James City County
Drinking Water
Clinic

**Do you have a well or spring and wonder
if your water is safe to drink?**

The Virginia Household Water Quality program offers affordable water testing and education to improve the water quality and health of Virginians who rely on private wells and springs.

How much does it cost? \$70 per sample kit.

Testing includes: bacteria, lead, copper, arsenic, iron, manganese, pH, hardness, sodium, sulfate, fluoride, and nitrate.

	Date and Time	Location
