

Do you have a well or spring in Montgomery County? Do you wonder if your water is safe to drink?

The Virginia Household Water Quality program offers affordable water testing and education to improve the water quality and health of Virginians who rely on wells and springs.

Our water testing includes bacteria, lead, arsenic, and 11 other contaminants that may cause health problems or make your water taste or smell bad.

Pick up your kit – Drop off your samples – Receive your results – Understand what to do

Contact: Erin Ling ejling@vt.edu 540-231-9058 or Meredith Hoggatt mhoggatt@vt.edu 540-382-5790

Registration Link:
